Supplemental Work: Rain Barrel/Rain Garden Workshops

Virginia Environmental Endowment Grant: 7 workshops,
123 participants, 142 rain barrels

Extension activities for Rain Barrel/Rain Garden Workshops

Landowner Development
Workshop Series

Tie Dying with Acid
Mine Drainage

Litter Control Activities

Lessons Learned

- Steep learning curve to establish financial management, policies and procedures for federal grant
- Make sure capacity is in place to do grant
- Plan ahead

Challenges

- One year delay in approval of Quality Assurance Project Plan for Appalachian RC&D in TN
- Two year delay in property transfer for Kyle's Ford house in TN
- Three break-ins at Kyle's Ford house
- Hurricane destroyed work in NC in 2004

More challenges

- Delay in start-up of projects in TN due to other obligations
- Reluctance of landowners on Best Management Practices
- Delay in start-up of Cedar Bluff, VA project due to high project cost
- Virginia regulations on composting
